Groundbreaking workers' comp for your mid-market construction clients

Business is booming across the construction industry, and your clients don't have time to worry about their workers' comp insurance while on-site — that's our job.

For both general contractors and specialists clients, Foresight wraps Safesite—our proprietary app and consulting service—into every policy, so that companies can focus on what matters: keeping their people safe. In fact, clients using Safesite have seen an average **18% reduction** in claims frequency in just one policy year.

Target accounts: We write mid-market policies for commercial, residential, and equipment operation

Minimum premium: \$25k across all active states; \$150k for roofing

Carrier: Transverse A- Excellent from AM Best Class VII. Transverse is on track for a substantial financial strength upgrade as multinational carrier Mitsui Sumitomo (AM Best rating A+ Superior) announced a planned acquisition in 2022.

Specialized class codes: Residential roofing, masonry, plumbing, carpentry, well drilling, telecommunications installation, electrical wiring, and more
