

Why Foresight?

Foresight uses cutting-edge AI to anticipate risks and enable safer outcomes, giving policyholders time and tools to focus on what really matters: relationships, performance, and people.

How Foresight Helps You Win Business

- AI-powered underwriting delivers competitive pricing and 1:1 expert support
- The only commercial insurer with a built-in safety program – free of charge!
- Give clients a proactive solution, not just a policy
- Win accounts others won't touch and turn them into revenue generating wins

What Makes Us Different?

Safesite Safety App – included with Every Policy

- Mobile-first, easy-to-use platform
- Digital safety checklists, inspections, and task management
- Real-time risk scoring and insights

Dedicated Safety Support

- Every client is matched with a Safety Success Manager
- Proactive help building a culture of accountability
- Ongoing support to track progress and improve outcomes

Proven ROI

- 17% average reduction in claims frequency based on August 2023 actuarial study
- Real clients have lowered their mod and saved on premiums
- Stronger safety records = more competitive businesses

Broad Appetite

- Known for insuring safety conscious & high hazard businesses
- Pest control, auto services, butchers, lawn care
- Plus, a broad appetite for additional businesses!

Let's Get Started
